

Roche Excellence in Chemistry – 2008 Awardees

Palo Alto, California
May 12 and 13, 2008

The **Roche Symposium on Excellence in Chemistry** is an annual forum to recognize outstanding graduate students and faculty who are providing significant contributions to the field of organic chemistry.

We are pleased to acknowledge our faculty awardees, our graduate awardees, and their faculty advisors, for their selection as 2008 recipients of the **Roche Excellence in Chemistry Award**.

Plenary Speakers:

Professor Jeffrey W. Bode

University of Pennsylvania
Department of Chemistry

Professor Dirk Trauner

University of California, Berkeley
Department of Chemistry

Participants:

(shown left to right)

Joshua G. Pierce

University of Pittsburgh
Professor Peter Wipf, Advisor

John A. Enquist, Jr.

California Institute of Technology
Professor Brian M. Stoltz, Advisor

Mark S. Chen

University of Illinois at
Urbana-Champaign
Professor M.- Christina White, Advisor

Melissa Beenen

University of California, Berkeley
Professor Jonathan A. Ellman, Advisor

Vladimir Sofiyev

University of California, Berkeley
Professor Dirk Trauner, Advisor

Kami L. Hull

University of Michigan
Professor Melanie S. Sanford, Advisor

Landy K. Blasdel

Harvard University
Professor Andrew G. Myers, Advisor

Nicole White

University of California, Irvine
Professor Larry E. Overman, Advisor

Meredeth A. McGowan

Harvard University
Professor Eric N. Jacobsen, Advisor

Eduardas Skucas

University of Texas at Austin
Professor Michael J. Krische, Advisor

Thomas J. Maimone

The Scripps Research Institute
Professor Phil S. Baran, Advisor

Professor Dirk Trauner

Professor Jeffrey W. Bode

Nathan D. Shapiro

University of California, Berkeley
Professor F. Dean Toste, Advisor
