

Roche Excellence in Chemistry 2009 Awardees

June 8 and 9, 2009

Nutley, New Jersey

The **Roche Symposium: Excellence in Chemistry** is an annual forum to recognize outstanding graduate students and faculty who are providing significant contributions to the field of organic chemistry. We are pleased to acknowledge our faculty awardees and our graduate student awardees for their selection as 2009 recipients of the **Roche Excellence in Chemistry Award**.

Plenary Speakers:

Professor Mohammad Movassaghi
Massachusetts Institute of Technology

Professor M. Christina White
University of Illinois at Urbana-Champaign

Participants:

Michael Bultman
Memorial Sloan-Kettering Cancer Center

Won-Suk Kim
University of Pennsylvania
