

GENEALOGY DATABASE ENTRY

©Vera V. Mainz and Gregory S. Girolami 1998

Stegeman, Gebhard

1890 - 1949

DEGREE: PhD

DATE: 1917

PLACE: Ohio State

TEACHER/RESEARCH ADVISOR: Henderson, W. E.

studied electrochemistry, esp. potential of the Pb electrode and chemistry of Pb amalgams; investigated thermodynamics of organic reactions, and thermal measurements such as specific heats and heats of formation and solution, esp. of sugars and alkanes.
